FUNCTIONS:

1. To inform the General Meeting of Shareholders on questions raised by shareholders on matters within its competence, in particular about the outcome of the Company audit, its contribution to the integrity of financial reporting and the role that the commission has performed in that process.

2. Monitor the effectiveness of internal control of the Company, internal audit and risk management systems, including tax, and discuss with the external auditors any significant weaknesses in the internal control system detected during the audit, being able to perform the appropriate proposals or recommendations to the board.

3. Supervising the preparation and submission of the required financial information, making proposals and recommendations to the board.

4. Submit to the Board of Directors, for submission to the General Shareholders Meeting, for the selection, appointment, reappointment and removal of the external auditor and the conditions of recruitment and regularly gather information on the audit plan and its execution while preserving its independence in the exercise of its functions.

5. Establish appropriate relationships with external auditors to receive information on any issues that may jeopardize the independence thereof, for consideration by the Committee, and any others related to the development process of the audit accounts, as well as other communications provided for in audit account legislation and technical auditing standards; should, in any case, receive annually from the external audit accounts written confirmation of their independence from the entity or entities related to it directly or indirectly, as well as information on additional services of any kind provided to these entities, and the corresponding fees received, by said external auditors or by persons or entities related thereto in accordance with the provisions of the legislation on account audits.

6. Issue annually, prior to the issuance of the audit report, a report expressing the opinion of the Committee on whether the independence of external auditors or audit firms is compromised, should contain said report, in any case, a reasoned assessment of the provision of each of the additional services provided by external audits, different from the legal audit and in relation to the regime of independence or the regulations of the account audit activity.

7. Report, prior to the board on all matters under the Companies Act Capital, the By-laws and the Regulations of the Board and in particular on the financial information that the Company should periodically be made public, creating or acquisition of shares in special purpose entities or domiciled in countries or territories considered tax havens and transactions with related parties.

8. To advise the Board of Directors on the current and future global risk appetite of the entity and its strategy in this area, and to assist in monitoring the implementation of that strategy.

9. Ensure that the pricing policy for the assets and liabilities offered to clients takes full account of the entity's business model and risk strategy, otherwise submitting to the Board of Directors a plan to remedy it.

10. To determine, together with the Board of Directors, the nature, quantity, format and frequency of risk information to be received by the Commission and the Board of Directors.

11. Collaborate for the establishment of rational remuneration policies and practices, for which, and without prejudice to the functions of the Appointments and Remuneration Committee, it will examine whether the incentive policy contemplated in the remuneration system takes into account the risk, Capital, liquidity and likelihood and timing of profits.

12. Monitor the effectiveness of risk management systems.
